

MEN'S EXPERIENCES OF INFERTILITY

THE FIRST QUALITATIVE SURVEY OF MEN'S VIEWS OF INFERTILITY

41 PEOPLE COMPLETED THE SURVEY

93%

of men said infertility negatively impacted their wellbeing

5 YEARS

AV. LENGTH OF TIME TRYING TO CONCEIVE

"IT CAN BE LONELY, PARTICULARLY FOR MEN"

'It's been awful throughout'

51%

of those completing the survey had a diagnosis of male factor infertility

39%

of men had not sought any support for fertility issues

"it made me feel less of a man"

The doctor at the clinic, just wrote me off

Male infertility is cruel and the impact is hard not just on the man but on the partner too
